- An A student mentions the roles as well as identify the practitioners in IR

2 To what extent do morals shape what we are as Zimbabweans today.

- Candidates are expected to define morals and mention some of the moral in indigenous Religion and highlight what they teach in their society.
- Candidates should judge -- to what extent/ greater/ or lesser
- Candidate should look at the other side of the question eg what affects good morals eg corruption, modernity, globalisation, internet and their effects to morality

Zimbabwean are known for being

- Loyal
- Trustful
- Accountable
- Hospitable
- Just
- Honest
- Kind

These aspects builds morality and instil justice, defeat poverty, improve behaviour, unity, respect, good citizenship, makes people make right decisions, reduce conflict etc

The shona idioms, taboos, folktales and idioms enforce the good morals among IR people

An A candidate balance the discussion by discussing both sides of the essay.
